

ENVIRONMENTAL POLICY

Date: February 2019

Version: 2

Review Date: February 2020

PURPOSE

Here at b2, we are aware that our industry, and our daily activities can have lasting effects on the environment.

We strive to provide a quality service in a manner that ensures a safe and healthy workplace for our employees and minimises our potential impact on the environment. We will operate in compliance with all relevant environmental legislation and we will strive to use pollution prevention and environmental best practices in all we do.

B2 are also committed to reducing the amount of waste going to landfill, with approximately 75% of materials being recycled or re-used. We understand that it might not be practicable to have an absolute zero wastage policy, but we will continue to work in a manner that reduces our waste to a minimum, and wherever possible, recycling and re-distributing the remainder.

POLICY FRAMEWORK

Comply with all environmental legislation and policies.

1. To check all suppliers that they comply with environmental legislation and follow an environmental policy
2. To reduce material waste by careful consideration of required amounts
3. Encourage innovation and best practice sustainable design, construction and maintenance for the built environment
4. Ensure FSC (Forest Stewardship Council) certified material is sourced when manufacturing products
5. Promote environmentally-friendly staff transport (such as car sharing) whilst reducing car numbers for local businesses and residents
6. Purchase equipment that reduces energy consumption and is technologically advanced
7. Reuse resources wherever possible rather than disposing of them
8. Source and promote a product range that minimise the environmental impact of both production and distribution
9. Manage noise so that adverse impacts on properties adjoining worksites are minimised
10. To disperse and locate where clearly visible, environmental advice posters in office and warehouse floors
11. Ensure environmental responsibility is included in all staff job descriptions and contracts

ENVIRONMENTAL POLICY

Date: February 2019

Version: 2

Review Date: February 2020

12. To communicate the Environment Policy with all successful staff candidates prior (or at the commencement) of their employment
13. Continue to improve environmental performance through the implementation and review of objectives and performance
14. Develop our built infrastructure in the most environmental way as practicable

COMMITTED TO REDUCING LANDFILL WASTE

We are working hard to reduce the amount of landfill waste even further. To achieve this, our future environmental policy will include:

- a) An annual Waste Audit to monitor waste disposal,
- b) Implement annual refresher waste disposal training to key members of staff,

This policy reflects our concern and demonstrates our commitment to environmentally responsible business activities.

PERSONAL DATA

You have the right to request access to your personal data, please contact us to request a subject access form (also found on our website) and to withdraw consent to marketing at any time by notifying us by telephone on 01708 344 668 or by email info@thisisb2.com

POLICY RESPONSIBILITY

Responsibility for the implementation of the policy rests with Responsible Person. Responsibility includes the development of appropriate procedures for the implementation of this policy, an annual program of action to ensure implementation, and monitoring as necessary.
